Abigail's

Providing support for bereaved families

"Footsteps no matter how small always leave a big impression on your heart"

Abigail's Footsteps was launched in 2010 by parents Jo and David Ward MBE following the death of their daughter Abigail who was stillborn at 41 weeks gestation in April 2009.

The charity helps parents who have lost a much-loved baby by providing them with bereavement care and support following their loss. Abigail's Footsteps strive to meet the unfunded gaps that sadly exist in the NHS relating to the baby loss services delivered by our partner NHS Trust Maternity Units.

THE CHARITY HAS 4 AIMS...

Welfare and wellness of parents

To ensure that parents receive the best possible care and support.

Provision of vital equipment

To provide the necessary equipment in each maternity unit.

Bereavement Suites

Working with Trusts to ensure bereavement suites are located away from main maternity wards.

Bereavement Training

To improve the training and support that professionals and care staff receive.
