PROFESSIONAL REFLECTIVE OCCUPATIONAL PRACTICE (PROP) FULLY FUNDED PROP SESSIONS

Abigail's recognises the emotional impact on professionals caring for bereaved families. Supporting parents as they experience the devastating loss of their baby, be it before, during, or shortly after birth presents a particular challenge to staff.

We offer up to 6 funded sessions designed to help you provide a high standard of individualised, compassionate care by supporting you to navigate your own feelings and reactions to the loss.

To book in scan the QR code, or for further details contact
