

Abigail's

Providing support for bereaved families

Why choose Abigail's Footsteps as your Charity of the Year

Nominating us as your Charity of the Year is a unique opportunity to unite your staff behind an inspiring cause and demonstrate your company's commitment to making a difference.

Who we are

Abigail's Footsteps are a baby loss charity, based in Kent, providing care and support to families who have suffered a baby loss bereavement, as well as providing education for healthcare professionals who are directly involved with caring for bereaved parents.

How we provide help

Our fundraising pays for specialist midwifery bereavement training courses and the provision of Abi cooling cots (specially designed cots that allow parents to spend additional time, to make precious memories with their baby) to maternity units and hospices. We also work with hospitals to advise on the sensitive layout and creation of bereavement suites that provides parents with much needed privacy and giving them space and time to grieve. We also fund specialist baby loss counselling, which supports bereaved families once they've returned home and through any subsequent pregnancies.

Let us do the work

If you chose us as your charity of the year, why not get involved in events that we have already organised? Company favourites include; RideLondon, 3 Peaks Challenge, Dragon Boat racing, London Landmarks Half Marathon and much more!
